Greetings from the Principal's Office

It has been a great start to the new school year. Students remember to keep working hard to achieve great success. Success doesn't fall into your lap; you have to earn it through hard work. Remember that one way to earn success is to complete your homework on time. Thank you everyone for doing your part to continue down your path to success.

StrivTV: We have partnered with Striv Sports again this year to stream all home and some away events. You can catch the action on our Striv page (<https://striv.tv/channel/overton>). You can catch live action and also past events will be posted here. Hopefully this will help us reach more of Eagle Nation throughout the year.

Attendance & Punctuality: Good attendance is one of the most important factors in a student's success in school. Students easily fall behind when they are repeatedly absent from school. Taking care of your health by getting a good night sleep, eating properly, and maintaining good hygiene is a great way to help improve attendance. As important as a student's attendance in school is their punctuality to school. Being on time indicates a level of respect for the event you are attending. This could be an appointment or simply being on time to school. The school day begins at 8:05. Thank you for making every effort to be on time to school. Punctuality is a life skill that is becoming lost in society. Let's break this cycle!

Educationally yours,

Overton Homecoming 2022

Homecoming week started on Monday, September 5th at our bonfire. Thank you to all of the parents and students who attended the bonfire. Thank you to the Boosters for a great meal and for hosting the bonfire. Thank you to Shively's and the Fire Department for helping put together the fire. For the students who attended the sophomores won the 'skin the snake' competition, so those students who were participating won a Jimmy John's lunch from the cheerleaders at a later date. Our winner of both rounds of ships and sailors was Jace Jeffries.

Homecoming 2022

The Elementary students and teachers would like to thank Mr. Fleischman for allowing us to attend and be a part of the Homecoming Pep Rally this year. Students had a blast and were very excited to cheer on the Eagles!

We would also like to recognize the high school students who volunteered to walk each class downtown. Those include Will Kulhanek, Hayden Muirhead, Tripp Davenport, Adysen McCarter, JoLee Ryan, Ashlyn Florell, Gracyn Luther, and Ella Luther. The elementary look up the older kids so much and we appreciate you interacting with them and showing leadership in our school!

Unmanned aerial systems have entered the Overton Public Schools. Many of you have seen the football games being filmed from a new angle. This is just a part of the adventure of the Aerial platform. Seventh grade student have begun flying the aircraft as a part of the computer exploratory.

They have learned communication and teamwork. The coordination of flying four drones in close proximity requires both attention of the individual and communication with others. The students have gained confidence in flying and maneuvering around the parking lot. They photograph and perform video recording during the flights. One student has also assisted with collecting the football game videos.

Seventh grade has then applied the art of video editing. By combining footage from drone flights and the experience of flying, students move towards an exploration of creating a new segment. They are using Adobe Premier Rush to create short video including text and transitional pieces. Some may continue their video career into television or movie making. We may be starting the next major blockbuster with an exposure to the process in 7th grade.

DON'T LET YOUR CHILD GROW UP WITH A VICTIM MENTALITY

If you don't want your child growing up with a **victim mentality**, or thinking life just happens to them...

TEACH THEM PERSONAL ACCOUNTABILITY

- ◆ I'm in charge of my actions.
- ◆ I'm responsible for my mistakes.
- ◆ I can take control of my life. (A scary concept for many people.)

PERSONAL ACCOUNTABILITY MEANS **HONESTY**.

"I broke that."

Mistakes happen AND we are responsible for making amends and learning from them.

PERSONAL ACCOUNTABILITY MEANS **NO EXCUSES**.

"I pushed him BUT he didn't want to move."

Anything after the BUT is often an attempt to avoid responsibility.

PERSONAL ACCOUNTABILITY MEANS **ELIMINATING *YOU* STATEMENTS**.

"YOU made me so angry."

There's no blaming others for our behavior and emotions. We take responsibility for both.

Personal accountability does NOT mean you aren't allowing your child to explain what happened. Your child explains what happened **WHILE** taking responsibility for their actions.

Tell your child — "Personal accountability is as a superpower that can help you always be in charge of your life."

Start a **culture of accountability** in your family so your children have the skills they need to take ownership of their lives.

1st Graders Science

The first-grade class has been working on Sun, Shadows, and Daily Patterns in their Science Unit. Students completed an activity where they had to go outside and find their shadow. Once it was found, their partner traced it with chalk. After the shadow was traced, the person moved around and we were able to see how where we are positioned in relevance to the sun, plays a part in where our shadow will appear.

Mr. Harvey's PE

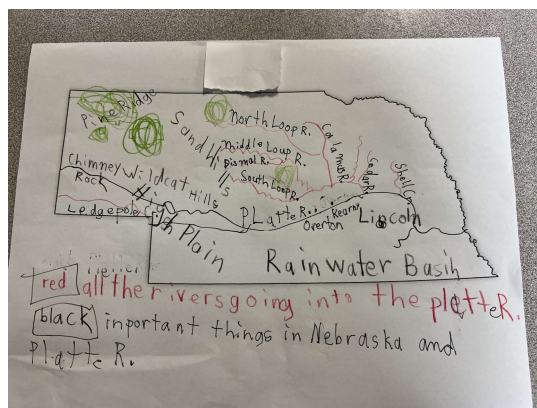

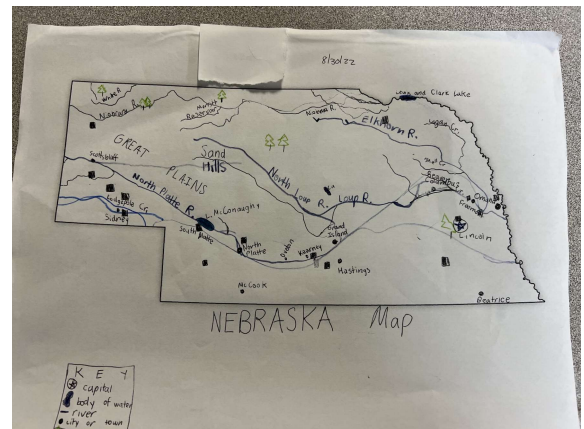

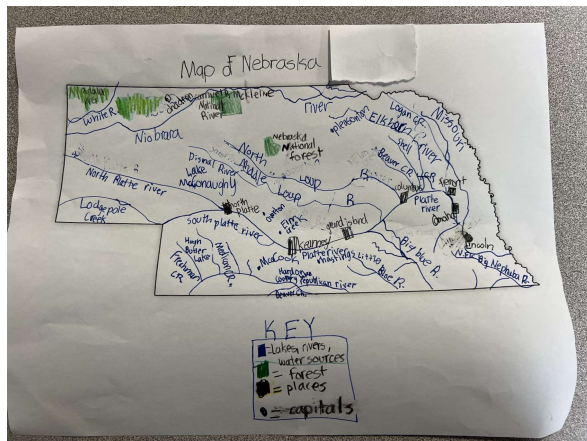

K-4 PE Schedule

- **Currently-** Football Unit
- **Previously Covered-** Volleyball, PE Celebration Games, Teamwork Challenges
- **Coming Up- TESTING**
 - Students will perform pacer (cardio test), Flying 10 (Speed), Pushups, sit-ups, broad jump, shuttle (quickness/change of direction), and 200 Meter
- **Soccer**
- **Halloween PE Fun**

Middle School Social Science

The school year is once again upon us and off to a fast start. The middle school social science classes have dived right in to learning about the past. 8th graders have spent the first few weeks of school learning about the struggle our nation went through to stay whole. They jumped right into the civil war era and learned about the struggle our country faced. The 7th grade has been learning about what was happening in what becomes the United States before it was a country. They looked at Native Americans and then European exploration. They are just starting to look at colonization that will lead up to our war for independence. The 6th grade is focusing on early world history and how societies developed over thousands of years. They will be focusing on early empires that emerged around the world. The 5th grade has been learning about early cultures that made up the Americas before Europeans. They will be focusing on Native cultures that made up the Americas. They were also able to learn about the state that they lived in. One of their projects was to map out the river systems in Nebraska as well as the forest that are in our state. They could also add any physical features that they thought was important. A couple of examples are below. I look forward to continuing teaching middle school social sciences in my 3rd year at Overton.

What is Early Intervention?

The term “early intervention” is important because research shows that the first three years are the most important time for learning in a child's life. Providing developmental supports and services early improves a child's ability to develop and learn. Also, it may prevent or decrease the need for special help later. The goal of early intervention in Nebraska is to “open a window of opportunity” for families to help their children with special needs develop to their full potential.

The Early Development Network-Babies Can't Wait can help you and your family support and promote your child's development, within your family activities and community life. Nebraska's Early Development Network supports children birth through three years of age who have special developmental needs. The Nebraska Early Development Network program “connects” families with early intervention services, such as occupational, speech or physical therapy, to help infants and toddlers grow and develop and help their families in this process. It is a voluntary program and does not discriminate based on race, culture, religion, income level, or disability.

Supports may include, but is not limited to:

- Services Coordination
- Early Childhood Special Education
- Parent to parent support
- Respite Care
- Transportation
- Speech/Language Therapy
- Physical Therapy
- Occupational Therapy
- Psychological Services
- Vision Services
- Audiology
- Assistive technology devices and services

Other services may be provided based on the needs and eligibility of the child and family.

If you or someone you know has questions or concerns about a child's development, please call [Nebraska ChildFind](https://www.nebraska.gov/childfind) at 1-888-806-6287 (toll-free) OR our local EDN office at ESU 10: 308-237-2280/ lflood@esu10.org

FCCLA

FCCLA is off to a great start this year. We have 24 members who are looking forward to a fun year. In the next month we will be attending Fall Leadership Workshop and District Leadership Conference. We will also be assisting with some community service events that are sure to be fun for all!

Family Movie Night SEPTEMBER 30TH @ 7PM

Join us for Family Movie night in the old gym of the school for a night of popcorn and a movie appropriate for all ages!

Bring your own pillows, blankets, beanbags, chairs, etc. to sit on.

Introduction to Design ELEMENTS OF DESIGN

The Intro. to Design class has been studying the Elements of Design. They learned about line, space, mass, texture and color. Here are some of their amazing projects that they have be working on.

FFA Fall Update

The 2022-23 year started off with the officer of our FFA chapter gathering to plan out the upcoming year. Along with planning they also went swimming in Sydnie Brown's family pond. After an exhausting time of swimming, a bonfire was made for hot dogs and marshmallows to be roasted. It was great for bonding and getting the year started in the right direction.

Our chapter helped at the Community BBQ to set up tables and fences, empty trashes, and help take down fences and tables the first weekend in August. We enjoyed being able to serve the Overton community in this way, especially after all your support over the past year.

We had a great turn out for our Kickoff on August 16th. At the Kickoff people were presented with information about the FFA organization and nachos were provided. There were a few fun yard games. The participants played cornhole and ladder ball, as well as hitting a piñata.

Overton FFA participated in the 2022 Nebraska State Fair over Labor Day weekend. Parker Walahoski and Sydnie Brown earned Red Ribbons on their Range Board, Jace Jeffries earned a White Ribbon on his Range Board. Parker and Paige Walahoski earned numerous ribbons on their Sheep and Cattle, including a Purple Ribbon for Parker in Beef Showmanship!

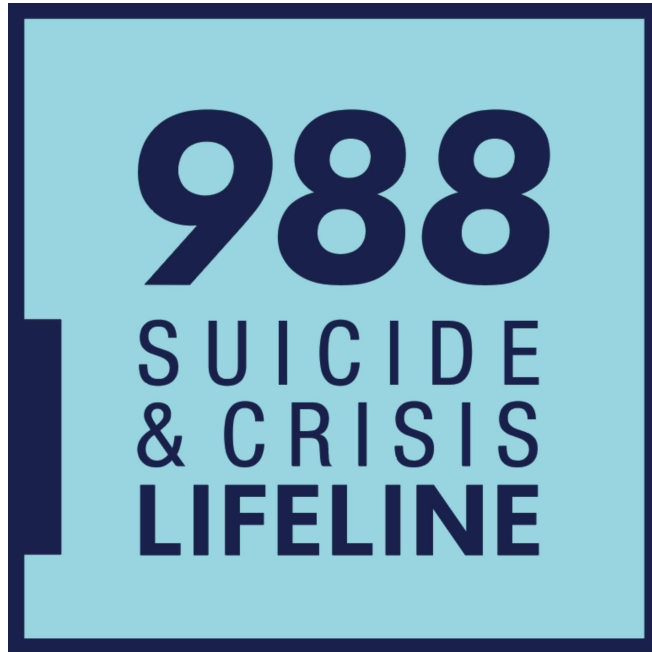

The chapter was able to help with concessions for the girl's volleyball games against Maxwell and Brady. They were quite successful. Thank you for supporting our FFA chapter!

Our chapter visited Husker Harvest Days on Wednesday, September 14th. We donated 95 pounds of food to the Heartland United Way and got lots of free stuff by visiting vendors. We also participated in the inaugural Ag. Olympics, presented by UNL TAPS. Members had to compete in Weed ID, Insect ID, a Marketing competition, and Siphon Tube Setting!

Our chapter is hosting a fundraiser, beginning September 21st and ending on October 4th. We are selling meats, cheeses, candy, chocolates, and pies again. This will be our last year participating in this fundraiser! So, please see any FFA member to place your orders!

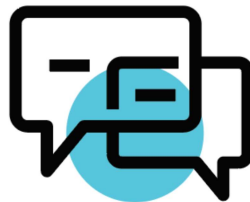

Our next chapter meeting will be October 4th in the Ag. Room at 7:15am.

EVERY CHILD DESERVES TO BE WELL FED

KEEP KIDS FED ACT

The process for how students access free and reduced school meal benefits is shifting back to the eligibility-driven model that was in place before the pandemic. While the new Keep Kids Fed Act extends flexibilities and ensures children will continue to have access to healthful and nutritious meals, **families must proactively apply.**

EDUCATIONAL BENEFITS

Well-nourished students are more attentive, and every student should have the same opportunity to thrive. Educational benefits may include **free and reduced school lunch**, discounts on ACT/college applications, after school care, youth sports fees and more.

LEARN MORE

Ask your school/contact how to apply for **free and reduced meals** to see if your child qualifies for this important educational benefit.
