

### **Greetings from the Principal's Office**

The fall seasons are wrapping up and winter seasons will begin before we know it. As we reach the midway point of 1<sup>st</sup> semester, remember students to remain vigilant with your classwork and thank you parents for remaining involved in your child's education. The education of our students is truly a team effort and our students are lucky to have supportive teachers and parents behind them.

#### **Upcoming Events:**

- October 19<sup>th</sup>: VB vs. Kearney Catholic 5:30/6:30PM

#### **Reminders:**

- With the seasons changing, I would like to remind parents to help us by ensuring your child is prepared properly for the elements. Hats, gloves, heavy coats, boots, etc. need to be worn when necessary. We try to have outside recess as much as possible. A quick check of the weather in the morning will allow you to properly prepare your child for the day's weather. If there is snow on the ground, students need to have snow pants and boots to be able to play in the snow. If they do not have these, they will have to stay out of the snow at recess. Thank you for your help with this matter.
- When students are going to be gone from school, they need to come to the office to get an advanced make-up slip. We also need a note from the parents stating the reason they will be gone. Homework must be done prior to the absence or it will be subject to grading as a late paper. Please remember to call the school when your child is ill and will not be at school. This eliminates the school having to make phone calls to check on student absences. Remember to also bring your doctor's notes to the office when your child is out ill and your visit your family doctor. Thank you for your cooperation.

Thank you for your support of our students, teachers, and staff. The education of a child takes multiple entities working together toward success. Parental support at home is a key component of your child's success. Engaging in meaningful, productive conversations is an excellent way to further this process. Engaging in confrontational, demeaning conversation is an immediate barrier to our success. Let's keep conversations and interactions productive and not install barriers to success.

Educationally yours,

Dear Parents and Families:

Get ready! This year's Book Fair is going to be epic! We've turned up the volume with more fun, more choices and more excitement, so kids will arrive curious and leave bolder, prouder, and stronger than ever before. Here's what you need to know about our upcoming fair:

- Every dollar you spend will benefit our school directly
- You can sign up for Book Fair eWallet, a convenient digital payment account, so your child can shop the Fair cash-free. Grandparents, friends, and others can contribute to the eWallet to help build your home library.

Save these dates: **Fair Dates: November 7-10, 2022**

We can't wait to see your child at the Fair!

# 2nd Grade Math/STEM Activities

The second graders have been busy learning about the Base-10 facts and how these will apply to our future lessons. They have been practicing these through daily lessons, math boxes and team activities. They have played "Go Fish for 10" along with many other number games. They have also completed their first STEM (Science, Technology, Engineering, Math) activity. They will do one of these each month. Each STEM activity has a goal they have to accomplish as a team. Their first one, "Chain Link" was a huge success! Working independently and together as a team will be the focus for them all year long!

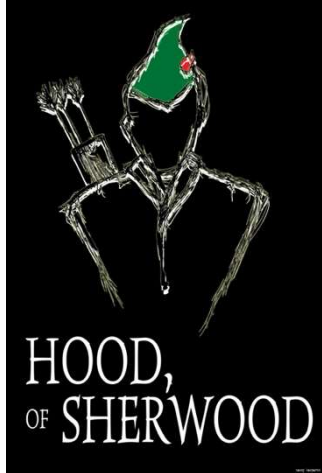

## ART needs your help!

The art classes needs everyone to collect and drop off small detergent or fabric softener bottles, for an upcycle project. Please rinse them out and drop off or send with your student.

Thanks!

# BAND NEWS

OVERTON PUBLIC SCHOOL

## Dress Rehearsal

This was the band's first year doing a dress rehearsal before Harvest of Harmony. This allowed them to practice in full uniform and in front of their peers. I hope to make this a larger event in future years.

## HARVEST OF HARMONY

Overton was one of over a hundred bands that participated at the parade this year, where we scored almost 20 points better than in years past. However, there's always more to improve.

## MINDEN BANDFEST

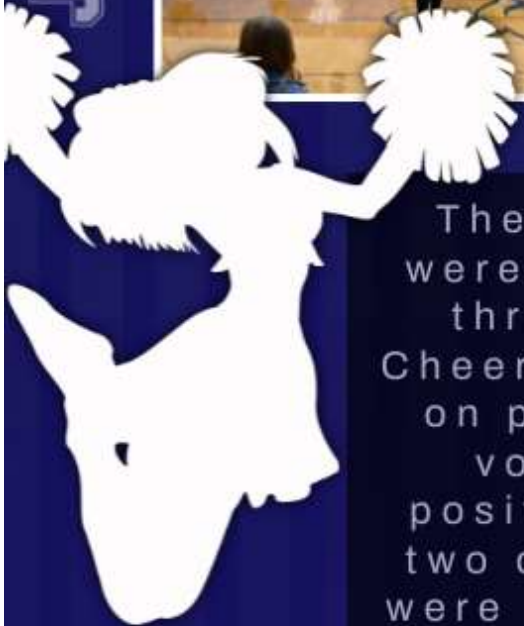

We will be competing at Minden Bandfest with more similarly sized schools. It is my hope that we can compete well against our contemporaries. The event is Oct. 15th at 1:00.

## HALLOWEEN FUN

The 5th, 6th, 7th, and 8th grade bands are all practicing fun Halloween songs such as "October Monsters" and "The Halloween Storm of 1804." These songs are teaching them much needed skills they'll need for performances.

# JR. CHEERLEADING

The Overton cheerleaders were joined by grades Pre-K through 4th grade for Jr. Cheer Camp. The girls worked on proper arm placements, volume, teamwork, and positivity. The girls learned two cheers and a dance that were performed at halftime of the Ansley-Litchfield game.

# FCCLA News

## Fall Leadership Workshop

Nine members of the Overton FCCLA Chapter attended Fall Leadership Workshop in Kearney on September 19th. While at the conference Riley Brennan, Paige Walahoski and Elijah Jackson attended the New Member Track.

Alexz Rodriguez, Jada Araujo, Jorja Raastad, Violet Nelms, Kiley Lawton and Jaelynn Roberts all attended the Chapter Leader Track of the workshop. They all learned more about FCCLA and their leadership positions.

Chapter members were also able to hear from keynote speaker Mike Donahue about how everyone has a story and we all need to put our selves in other people's shoes.

## Movie Night

FCCLA sponsored the first movie night of the year on September 30th. A great group gathered to watch *The Night at the Museum*. Thanks to everyone who attended!

# Math Room

## Manipulatives in Math

6<sup>th</sup> graders are learning about surface area by using connecting cubes. Working with a group and using manipulatives can help make connections and generate discussions.

## Technology in Math

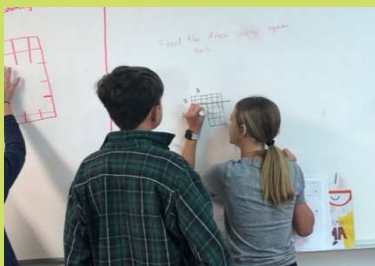

Students use iPads to practice individual skills to reinforce concepts taught in the classroom. Zearn and IXL are digital tools to help students learn new concepts.

## Reading in Math

Students also practice reading skills in math by reading about math topics. They practice skills for main idea and details by reading with a partner and highlighting facts.

Classrooms

Students work on vertical whiteboards in groups of 3 to practice math skills along with cooperation, explaining mathematical reasoning, and communication skills.

## Math Skills Beyond the Classroom

7<sup>th</sup> Graders had a big fundraising year. They practiced counting change to help with concession stands. Some classroom time and Homeroom times were used to practice these skills.

## Revised Math Standards for Mathematics

The Nebraska Department of Education (NDE) establishes content area standards for all Nebraska Schools to meet. On September 2, 2022, the Nebraska State Board of Education approved Nebraska's College and Career Ready Standards for Mathematics. Although Overton has already been meeting the state math standards previously in effect, we will be undergoing a process to meet the new/revised standards that have just been approved in September. This process will include a thorough review of the newly adopted standards themselves, a curriculum selection process, and curriculum alignment of the standards to make sure we are meeting and exceeding the new standards at every level of an Overton student's education.

As we work through our process, we will utilize the knowledge and help of our educational service unit (ESU 10), our staff, and professionals in other school districts as well. Having been through many content area revisions in the past, the staff understands that it will require a lot of time and effort to adjust our curriculum to meet the state standards. The end result will be to best meet the needs of our students, best utilize the talents of the staff, and provide the highest quality of mathematics education possible at Overton.

We view the newly approved standards as an opportunity to improve, although we do expect a little stress along the way to the goal of improvement. Please know that we will approach this change as an opportunity to learn professionally, better understand all levels of math education at Overton, and work together as a team all while keeping the best interests of our students at the forefront of our decisions.

If you have further interest in the Nebraska State Standards, please go to the NDE website at [www.education.ne.gov/contentareastandards](http://www.education.ne.gov/contentareastandards).

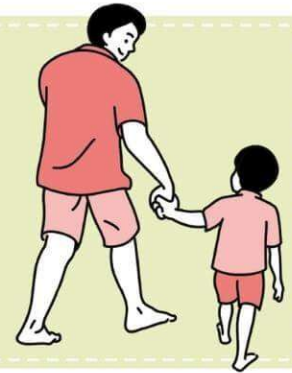

# TEACHING CHILDREN TO SHARE

Your child doesn't have to share. By forcing them to share you send the wrong message that their needs are not as important as those of others.

## Forced sharing sends other wrong messages like:

✦ Crying and whining will help me get what I want. ✦ Parents are in charge of who gets what and when. ✦ Children should always interrupt what they are working on to give something to another child when they ask.

INSTEAD OF FORCING YOUR CHILD TO SHARE, HELP YOUR CHILD UNDERSTAND THESE IMPORTANT CONNECTIONS

## SHARING CAN BRING HAPPINESS

INSTEAD OF JUST...

"Thank you for sharing your game with your sister."

"Look how happy she is playing with it!"

## SHARING CAN SOLVE A PROBLEM

INSTEAD OF JUST...

"That was kind of you to lend your friend your baseball glove."

ADD...

"I could tell they were upset about forgetting theirs. You really helped them out and made them feel good."

## SHARING CAN STRENGTHEN A FRIENDSHIP

INSTEAD OF JUST...

"That was so thoughtful of you to share your paints with your friend."

ADD...

"I think the art you created together is really awesome, and it looked like you had fun working as a team!"

## SHARING CAN HELP YOU SPREAD KINDNESS

INSTEAD OF JUST...

Harvest of the Month NEBRASKA

# CARROTS

Carrots are shining in the spotlight as our Nebraska Harvest of the Month item. This versatile veggie can be eaten raw, roasted, baked into cakes, or added to smoothies.

## SELECTION, STORAGE & COOKING

- If carrots come to you with greens attached, remove the greens before storing. Carrot greens are edible and delicious - they can be used to make pesto or as an addition to soup stock.
- For long term storage, keep carrots in a plastic bag, stored in the refrigerator.
- Carrot skin is very thin and doesn't need to be peeled - just wash well to remove any dirt or debris.
- While cooking marinara sauce, add diced carrots for a hint of sweetness!

## NUTRITIONAL TIP

Carrots contain high quantities of beta-carotene, vitamin K, biotin and Vitamin B6. The human body converts beta-carotene, the orange/red pigment of a plant, into Vitamin A which is important to immune, skin, and eye health.

## SEASONAL AVAILABILITY

## HONEY GARLIC BUTTER ROASTED CARROTS

### Ingredients:

- 2 lbs carrots cut into thirds
- 1/3 cup butter
- 3 TBL honey
- 4 garlic cloves minced
- 1/4 - 1/2 tsp. salt plus more for seasoning
- Cracked black pepper

### Directions:

1. Preheat oven to 425°F. Lightly grease a large baking sheet with nonstick cooking oil spray; set aside.
2. Melt butter and honey in pan. Add garlic and cook for 30 seconds.
3. Add carrots and allow the sauce to thicken for 1 minute. Season to taste.
4. Transfer carrots to a baking sheet in a single layer. Toss to evenly coat.
5. Roast for 20 minutes, or until carrots are fork-tender. Broil on high for 2-3 minutes to crisp.

# FUN WITH CARROTS

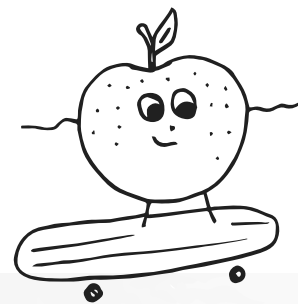

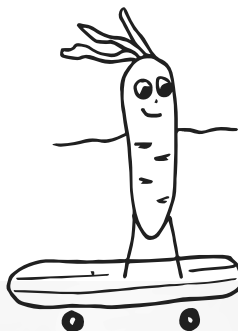

## COLLABORATIVE CARROT STORY

1. Gather a group of people. Arrange yourself in a circle. Each person will contribute sentences to the story until a wacky carrot tale emerges. Decide on one person to write everyone's sentences in order.
2. Start with this sentence- "In the month of May, a bright orange, long carrot root grew deep below the surface of the soil."
3. Go around the circle one person at a time. The first person will add their sentence to follow the first sentence.

*For example: "In the month of May, a bright orange, long carrot root grew deep below the surface of the soil. The carrot root grew amongst earthworms, soil particles and fungi."*

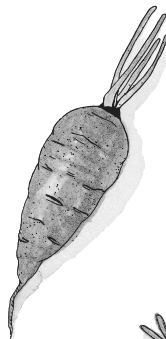

4. Keep going around the circle, with each person adding a sentence to the carrot story.
5. Once everyone has gone once or twice, read the story out loud!
6. Try your hand at drawing illustrations to go along with your wacky carrot tale!
